Chapter 5 preamble regarding more restrictive standards

CURRENT LANGUAGE

5.3.3 Intent and Compatible Growth Area standards

The Commission recognizes the need for balanced growth and development consistent with the water resource protection and habitat preservation goals provided for in the Act.

Development projects in the Compatible Growth Area are required to meet all of the standards in this chapter unless a permit has been issued under the provisions of Volume I, Chapter 4 of this Plan.

Where standards contained in the Plan differ from state, county, or local law, the stricter standard(s) shall apply.

Does the Commission wish to strengthen the statement in the Chapter 5 preamble regarding the applicability of stricter standards?
