Subject: pine barrens

CAUTION: This email originated from outside of SCWA. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Please save the Pine Barrens!! Development is a serious threat to the health of our area. Please help stop the destruction and further assault on our aquifer.

This is an island-wide issue where you could champion health issues well into the future, stop pollution and honor the sanctity of the beautiful environs of the East End.

Let's keep it healthy through the restoration and preservation of our open spaces and our precious resource, the aquifer.

Your concerned citizen,

Cynthia Cobb
