Furthermore, Grantor shall provide any third party with enforcement rights, or its agents, representatives or employees, access to cross other lands retained by Grantor, and permission to enter upon the Property, upon receipt of advance notice of such third party's intention to enter and inspect. Such entrance and inspection shall be in a reasonable manner and at reasonable times.

## **Covenants**

In furtherance of the foregoing affirmative rights, the Grantor makes the following covenants, on behalf of himself, his successors, heirs and assigns, lessees, personal representatives and other successors in interest, which covenants shall run with and bind the Property in perpetuity:

1. There shall be no construction activity, alteration of vegetation or change in topography, no development as defined by ECL Section 57-0107(13) and no operations or uses not constituting development pursuant to ECL Section 57-0107(13)(i-xv), unless otherwise expressly reserved herein.
2. There shall be no storing, dumping, discharging or placing of any substance in or on the Property in contravention of any applicable federal, state or local law or ordinance.

## **Reserved Rights**

NEVERTHELESS, and notwithstanding any of the foregoing provisions to the contrary and as expressly limited herein, the Grantor reserves for himself, his heirs, successors and assigns the following reserved rights in addition to all those rights previously retained, reserved and defined herein, which may be exercised without written notice to the Grantee except as noted below.

1. The right of exclusive possession of the Property.
2. The right to use the Property for passive recreational activities such as, but not limited to, hunting, fishing, camping, hiking and activities associated therewith so

long as such activities conform to local zoning regulations and do not constitute development as defined in ECL Section 57-0107(13).

3. The right to use the Property for operations or uses described in ECL Section 57-0107(13) (i, ii and vi) upon approval of applicable Federal, State, and local agencies and upon the approval of the Commission, or environmental restoration projects commenced by the Grantor or his heirs, successors or assigns upon approval of applicable Federal, State, and local agencies and upon the approval of the Commission.
4. The right to sell, give or otherwise convey the Property or, consistent with the Covenants herein, any portion or portions of the Property, subject to the terms of this Conservation Easement. The Grantor, upon the sale, gift or other conveyance of his fee interest in the Property, shall have no further obligations or liabilities under this Conservation Easement. Grantor shall promptly notify Grantee of any conveyance of any interest in the Property, including the full names and mailing addresses of all Grantees, and the individual principals thereof, under any such conveyance. The instrument of any such conveyance shall specifically set forth that the interest thereby conveyed is subject to this Conservation Easement, without modification or amendment of the terms of this Conservation Easement, and shall incorporate this Conservation Easement by reference, specifically setting forth the date, office, liber and page of the recording thereof. The failure of any such instrument to comply with the provisions hereof shall not affect Grantee's rights hereunder.

## **Rights of the Public**

Nothing contained in this Conservation Easement shall give or grant to the public a right to enter upon or to use the Property or any portion thereof where no such right existed in the public immediately prior to the execution of this Conservation Easement except as may be granted by the Grantor herein or their successors.

## **Miscellaneous**

1. The parties hereto understand and agree that all the terms and provisions of ECL, Title 3, Article 49, as the same may be hereafter amended, entitled Conservation Easements, shall apply to this Conservation Easement.
2. This Conservation Easement contains the entire understanding between its parties concerning its subject matter. Any prior agreement between the parties concerning its subject matter shall be merged into this Conservation Easement and superseded by it.

3. Any provision of this Conservation Easement restricting Grantor's activities, which is determined to be invalid or unenforceable by a court, shall not be rendered a nullity. Instead, that provision shall be reduced or limited to whatever extent that the court determines will make it enforceable and effective. Any other provision of this Conservation Easement which is determined to be invalid or unenforceable by a court shall be severed from the other provisions, which shall remain enforceable and effective.
4. Regardless of any contrary rule of construction, no provision or alleged ambiguity of this Conservation Easement shall be construed in favor of one of the parties because it was drafted by the other party's attorney. If any provision of this Conservation Easement is ambiguous or shall be subject to two or more interpretations, one of which would render that provision invalid, then that provision shall be given such interpretation as would render it valid and consistent with the purposes of this Conservation Easement as intended by Grantor. Any rule of strict construction designed to limit the breadth of the restrictions on use of the Property shall not apply in the construction or interpretation of this Conservation Easement, and, this Conservation Easement shall be interpreted broadly to effect the purposes of this Conservation Easement as intended by Grantor. The parties intend that this Conservation Easement, which is by nature and character primarily negative in that Grantor has restricted and limited Grantor's right to use the Property, except as otherwise recited herein, be construed at all times and by all parties to effectuate its purposes.
5. This Conservation Easement can be terminated only in accordance with the law of the State of New York applicable to the termination of easements and covenants running with the land. This Conservation Easement may be modified only upon the written consent of both Grantor and Grantee, or their successors, heirs, representatives or assigns. Grantor and Grantee recognize that circumstances could arise which would justify the modification of certain of the restrictions contained herein. To this end, Grantee and Grantor shall mutually have the right, in their sole discretion, to agree to amendments to this Conservation Easement which are not inconsistent with the basic purpose of this Conservation Easement, provided, however, that the Grantee shall have no right or power to agree to any amendments hereto that would result in this Conservation Easement failing to qualify as a valid conservation easement under ECL, Title 3, Article 49 as the same may be hereafter amended.
6. The Grantor agrees that the terms, conditions, restrictions and purposes of this Conservation Easement shall continue as a servitude running in perpetuity with the Property and will be incorporated by reference in any subsequent deed or other legal instrument by which the Grantor divests himself of either the fee simple title to or his possessory interest in the Property or any portion thereof specifically setting forth the date, and the liber and page of the Suffolk County Clerk's records of the recording hereof.
7. Any notices required in this Conservation Easement shall be written. Notices shall be

given either by manual delivery or by mailing in a mail receptacle maintained by the United States Postal Service. Mailed notices must be contained in an accurately addressed, sealed envelope, marked for delivery by first class registered or certified mail, with sufficient prepaid postage affixed and with return receipt requested. Mailed notice to the Grantor shall be addressed to Grantor's address as recited herein or to any such other address as the Grantor may designate by notice in accordance with this section. Mailed notice to the Grantee shall be addressed to Grantee's address as recited herein or to any such other address as the Grantee may designate by notice in accordance with this section.

8. It is understood and agreed by the Parties hereto that the Grantor, his successors, heirs and assigns, shall not be liable for any changes to the Property caused by any natural disaster or Act of God.
9. The Grantor and Grantor's lessees, representatives, successors, heirs and assigns, shall not apply to the Commission or the Pine Barrens Credit Clearinghouse for a hardship, other permit or Pine Barrens Credits under the Plan or under ECL Article 57 pertaining to the "Schedule A" premises.
10. The Grantor does further covenant and represent that the Grantor is seized of the Property in fee simple and has good right to grant and convey the aforesaid Conservation Easement, that the Property is free and clear of any and all encumbrances, other than those of record, and that the Grantee shall have the use of, and enjoy all of the benefits derived from and arising out of, the aforesaid Conservation Easement.
11. The parties hereto recognize and agree that the benefits of this Conservation Easement are in gross and assignable, and the Grantee hereby covenants and agrees that any transferee or assignee will be an organization or public body qualified to hold a Conservation Easement pursuant to ECL, Title 3, Article 49, as the same may be hereafter amended, and the regulations promulgated thereunder.
12. All references to statutory provisions of Article 57 shall be as such provisions were in effect on the date of execution of this Conservation Easement.

IN WITNESS WHEREOF, Grantor has executed and delivered and Grantee has accepted and received this Grant of Conservation Easement on the day and year set forth above.
