Whereas, the Commission is aware of operations (the “Operations”) involving the temporary placement and storage of vehicles damaged by Superstorm Sandy on real property, owned by the Ringhoff Family Limited Liability Company, in the Core Preservation Area of the Central Pine Barrens identified on the Suffolk County Tax Map as parcels 200-512-1-15 (“Lot 15”), 200-512-1-17 (“Lot 17”), 200-512-1-18 (Lot “18”), 200-512-1-21 (“Lot 21”), and 200-562-4-21 (“Lot 4-21”) and

Whereas, Section 4.5.1 of the CLUP incorporates the Act’s prohibition on development in the Core Preservation Area, unless such development receives a Commission waiver, and

Whereas, the Commission, pursuant to ECL §57-0123, may waive strict compliance with the CLUP’s prohibition on development in the Core, and

Whereas, the Commission has not waived strict compliance with the CLUP to authorize the Operations, and thus the Operations may violate the Act, and

Whereas, the Commission finds that the Operations may result in adverse impacts on Central Pine Barrens resources, including groundwater and ecological resources, due to the location of the Operations on permeable surfaces in the Core Preservation Area, as there exists the potential for leaks of oil and other fluids from vehicles stored there and there exists the potential for fire as the location is adjacent to significant publicly-owned open spaces and parkland, and

Resolved, the above recitals are incorporated herein and made a part hereof, and be it further,

Resolved, the Commission finds that the Operations may cause harm to the resources of the Central Pine Barrens, and be it further
